

## **Combined Federal Campaign (CFC)**

The mission of the CFC is to promote and support philanthropy through a program that is employee focused, cost-efficient, and effective in providing all federal employees the opportunity to improve the quality of life for all.

CFC is the world's largest and most successful annual workplace charity campaign, with more than 300 CFC campaigns throughout the country and internationally to help to raise millions of dollars each year.

Campaign season runs from September 1 to December 15. During this time period, NASA employees will have several opportunities to participate in fundraising campaigns. Pledges made by donors during the campaign season support eligible non-profit organizations that provide health and human service benefits throughout the world.
